Registration Policy

Rouse Hill RAMS Netball Club is committed to forming teams based on a player's demonstrated ability, skill level, attitude and commitment. These policies have been established to ensure that player allocation is administered fairly, consistently and equitably for all members, while supporting the ongoing development of players alongside others of similar capability.

Player registrations are completed online via the PlayerHQ platform. Registration information will be communicated through official Club channels, including email, the Club website and social media. Late registrations may be accepted at the discretion of the Netball Committee and are subject to team availability.

While the Club endeavours to accommodate all registered players, registration does not guarantee placement in a team. Returning players will be prioritised over new players where appropriate and where team structures allow.

Registration fees are determined by the Committee once the Club receives confirmation of annual fees following the Baulkham Hills Shire Netball Association (BHSNA) AGM held in November.

Rouse Hill RAMS Netball Club is guided and governed by the BHSNA Registration Policy (Version 8, February 2025), and all registration and team placement processes will be administered in accordance with this policy. - [Registration Policy V8 Feb 2025.pdf](#)

NetSetGo Skills Training Program (5-6 years)

NetSetGo Skills a 10 week skills program held on a Wednesday night at The Kellyville Courts, Wellgate Avenue. 1 hour in duration. No parent participation required. No games are played, this is a netball skills program that is age appropriate for 4-6 year olds.

NetSetGo Netball (7,8 & 9 years) Modified Rules Round Robin

Players may be placed in teams within their age group. No grading will occur in the 7 and 8 year old age group. Grading will occur in the 9 year old age group. While we don't accept team requests, we do make every effort to keep players together in the U8 age group as we recognise how important stability is during these formative years.

Friend requests will be considered for this age group – refer to Grading Policy

Juniors (10 – 14 Years) Full Rules

Players will be allocated to teams based on their skills, abilities, and the positions nominated at registration, as determined through the grading process. This approach ensures that each player competes at a level appropriate to their development. As the Baulkham Hills Shire Association (BHSNA) competition is a competitive, graded competition, all players register with the understanding that they will participate in a formal grading process.

Friend requests will be considered for this age group – refer to Grading Policy

Intermediates (15 – 19 Years) Full Rules

Players are strongly encouraged to grade as individuals and will be placed into an appropriate team based on ability and overall team balance. Team requests may be submitted via the Team

Request Form, except in the case of players trialling for A Grade teams. Individual registrations will be accommodated subject to suitable team numbers being available

Friend requests will be considered for this age group – refer to Grading Policy

Seniors (16 and above) Full Rules

Players are strongly encouraged to register as part of a team. The Team Request Form can be found on the Rams Netball website under the Resources tab. Individual registrations that are not part of a team request will only be placed if suitable team numbers are available. If a team placement cannot be offered, the player will be notified and a refund will be processed. All players will be allocated to teams based on ability, age, and overall team numbers.

Uniform Policy

Rouse Hill RAMS Netball Club will ensure the correct uniform be available for purchase at the player's expense. Valour Apparel is our current supplier and all uniforms are to be purchased online maintained by Valour.

The complete club uniform must be worn when playing fixture games. Non-compliance of club uniform will result in a member not being able to enter the playing court.

In addition, full briefs either navy or black, are to be worn under the club's dress. Short bike shorts may be worn as long as they cannot be seen protruding from under the dress. No long sleeve apparel may be worn under the playing dress except Friday night games and the 1st allocated timeslot on Saturdays where black leggings and white long sleeve shirt can be worn under the Club dress.

If a player is required to wear leggings and/or long sleeve shirt for religious or cultural reasons, black leggings and white long sleeve shirt may be worn underneath the Club dress.

Each player from U7 – U17's receives a Rams training shirt as part of their registration. The training top is to be worn to and from training and games over the dress.

If umpires have been gifted a Rams Umpires top by the club then it is expected that all Umpires are to wear the RAMS umpiring top when umpiring Club allocated matches.

Training Policy

All teams from Under 7's to Under 14's must train at least one night during the week. Training times are at the discretion of the coach and subject to court allocations and are set at the start of the season. Training will take place on an allocated court at the BHSNA complex, Wellgate Ave Kellyville. Intermediate training will be at the discretion of the Coach.

If unable to attend training, the coach must be notified at least two hours prior to commencement. The Coach reserves the right to reduce the player's court time by up to 50% in the following competition game if they have not attended training.

NetSetGo, Junior & Intermediate players will be issued with training shirts and must be worn to training and games as part of Rouse Hills RAMS Netball sponsorship commitment.

Coaching Policy

Rouse Hill RAMS Netball Club is a volunteer-run organisation, and all coaching positions are filled by parents and community members who generously give their time to support our players. The Club does not maintain a pool of pre-assigned coaches. By registering a child with Rouse Hill RAMS, parents acknowledge and accept that they may be required to volunteer as a coach, assistant coach or team manager if no other volunteers are available. This shared responsibility ensures that every team has the leadership and support needed to participate safely and successfully in the competition.

The Club is committed to supporting all volunteer coaches in developing their skills and confidence. We aim to provide enthusiastic, capable and child-safe coaches who foster strong netball skills, teamwork and positive sportsmanship. Volunteers are encouraged to progress through Netball Australia's accreditation pathway, with the Club supporting coaches to obtain their Foundation and Development Coach Accreditations. Reimbursement for approved coaching courses is available in accordance with the Club's Finance Policy. All coaches must adhere to the the Netball NSW Code of Behaviour, and are encouraged to complete the Netball Australia Online Umpire Exam with a minimum pass mark of 70% to strengthen their understanding of the rules and enhance the quality of coaching provided.

Fair Play Policy

Rouse Hill RAMS Netball Club is committed to ensuring that all players experience fair, meaningful and development-focused participation. Coaches must make every reasonable effort to provide equitable court time across the season, taking into account factors such as illness, injury, player availability, training attendance and overall team needs.

Coaches are encouraged to manage player rotations and to track court time throughout the season. During the finals series, each player must take the court for a minimum of 30 minutes in every finals match. This ensures that all team members contribute to the team's success and experience the competitive environment in a fair and inclusive manner.

In all NetSetGo age groups (excluding U9), coaches must ensure that players are rotated fairly across all playing positions throughout the season. Rotation should provide each child with equal opportunities to experience and learn every area of the court, supporting holistic skill development and confidence in multiple roles.

Grading Policy

The purpose of this policy is to ensure that all registered players are graded according to their skill, ability, and attitude, thereby promoting their ongoing development and enjoyment. This guideline outlines the club's grading process for all registered players.

Guidelines

- Each player will be treated as an individual club member for grading purposes, irrespective of their previous team or grade, allowing them to be graded into a team and grade that matches their ability and playing level.
- Every player will have an equal opportunity.
- Players will play in each of their 2 nominated playing positions at least once, where possible.
- Due to inevitable deficits in certain positions, some players may be required to play more often than others.
- If need be, the RAMS Grading Panel exercises the right to grade players in positions of the graders' choosing after players have trialled in at least one of their preferred playing positions.
- All players must be registered with Netball NSW before attending Grading Day sessions to ensure player's are covered by insurance.
- Any players wishing to play up an age group must put this in writing and must be submitted to the secretary secretary@ramsnetball.com.au prior to Grading Day.

Grading Committee

- The Grading Committee shall be a sub-committee of the club and will report directly to the Executive Committee.
- Membership will be extended to selected graders based on their qualifications and suitability for the position.
- The Grading Committee will consist of the NetSetGo and Coaching Coordinators along with selected Executive Committee Members. At a minimum, the Committee will include the Coaching Coordinators. The Coaching Coordinator will chair this committee.
- All notes taken from the grading process are kept strictly confidential and only the Executive Grading Committee and the Executive Committee have authorised access to these records.

Grading Process

The grading process consists of three major components:

1. **Age-Related Grading Day:** After registration, all players must attend Grading Day, where each age group will be assessed through general gameplay and/or skill sessions.
2. **Previous Season's Observations (Returning Players):** The Grading Committee, along with invited participants, will observe teams during matches to assess players in a real-game context. In exceptional circumstances, observations outside of these matches may also be considered.
3. **Previous Season's Coaches' Reports (Returning Players):** Coaches are required to submit reports at week 7 and at the season's end. The Grading Committee will consider this information during the grading process.

Representative Player Registration Requirements

Rouse Hill RAMS Netball Club follows the current BHSNA Registration Policy for all Premier League, Metro League, Representative, Development Squad and Talent Development players.

For teams containing Representative or Talent Development players, BHSNA's Representative Points System applies, allowing a maximum of seven points per team, with points allocated based on the player's representative level. These representative points are considered as part of

overall team composition, and final team placement remains at the sole discretion of the Club, ensuring compliance with BHSNA requirements and balanced team structures.

Grading Days

Attendance at Grading Day is compulsory for ages 9 – 14 and any 15-19 year olds wishing to trial for an Intermediate team. The club reserves the right to call another grading day if needed for age groups. Failure to attend Grading Day may forfeit your right to appeal your placement. Special conditions may be granted if the Club Secretary has been advised of your unavailability a minimum of 2 days prior to the Grading Day.

Parents are not permitted to attend grading day, and it is essential that all children arrive prepared and ready to participate. It is not the responsibility of the graders to interact with, settle, or prepare players on the day.

Team Requests

Team requests will be considered for the Inters and Opens divisions only; however, they are subject to Committee review. Team requests will not be accepted for A grade level teams.

Team Requests must also meet the requirement of supplying their own coach and manager. Team requests must be submitted prior to Registration closing date, via the official form, found on the Rams netball website. Any requests received after this date may not be considered.

Friend Requests

Friend requests will be considered for all divisions; however, they are subject to Committee review. Friend requests will not be accepted for A grade level teams. Friend requests must be submitted prior to Registration closing date, via the official form, found on the Rams netball website. Any requests received after this date may not be considered.

The Club will accept 1 friend request per season per player. If players request to play together but have different ability levels, they will be placed in the team of the lower-graded player.

Grading Appeals

In the event that any player wishes to appeal the grading or team placement decision, they are required to place the appeal in writing and send it to the secretary@ramsnetsball.com.au within 48 hours after team announcements.

If a player is under 18 years of age, this appeal is to be submitted by a parent/guardian. No appeal or grading issue will be discussed over the phone.

Appeals will only be considered when they relate to a potential breach or failure of the grading process, such as procedures not being followed or relevant information not being considered. Appeals will not be accepted on the basis of personal opinion regarding a player's performance, ability, or preferred team placement.

The following appeals will not be considered:

- Appeals based on non-performance-related reasons, including friendships, personal preferences, or convenience.
- Appeals submitted after the 48-hour window following team announcements.

- Appeals that compare a player's performance to another player or team.
- Appeals containing disrespectful or inappropriate language.
- Requests for grading data — no grading data will be shared under any circumstances.

Appeals Process

Appeals will be reviewed by an Appeals Committee consisting of three Executive Members and two Ordinary Members. The Committee will consider the appeal and respond in writing within five working days of receiving the submission.

The Appeals Committee may seek guidance from the Sports Club President and/or the BHSNA Complaints and Dispute Handling Officer if required.

All decisions made by the Appeals Committee are final and confidential.
